Fifth International Conference on Principles and Practice of CONSTRAINT PROGRAMMING

Alexandria, Virginia, USA
October 12-16, 1999

ABOUT THE CONFERENCE
The conference deals with all aspects of computing with constraints, including algorithms, applications, environments, languages, models, and systems. The program includes 30 technical research papers, 3 invited talks, a tutorial, and 5 specialized workshops.

SPONSORS
George Mason University (School of Information Technology and Engineering and Center for Secure Information Systems)
IC-Pro (TellPse project)
NASA Ames Research Center
Office of Naval Research (ONR)

CONFERENCE CHAIR
Alex Brodsky (George Mason University, USA)

PROGRAM CHAIR
Joxan Jafar (National University of Singapore, Singapore)

PROGRAM COMMITTEE
Alexandre Bouchet (Université Henri Poincaré, France)
Rodrigo Rivas-Perez (IBM Almaden Research Center, USA)
Rina Dechter (University of California at Irvine, USA)
Francois Leguay (Cole Normale Superieures, France)
Boi Faltings (Swiss Federal Institute of Technology, Switzerland)
Thom Frischwirth (Ludwig-Maximilians University, Germany)
Vineet Gupta (NASA Ames Research Center, USA)
N. H. H. Hwang (Institute for Electrical and Electronic Engineers, Singapore)
Joxan Jafar, chair (National University of Singapore, Singapore)
Claude Kirchner (LORIA & INRIA, France)
Jimmy Lee (Chinese University of Hong Kong, Hong Kong)
Claude Le Page (Bouygues Telecom R&D, France)
Thomas Schiex (INRIA Toulouse, France)
Bart Selman (Cornell University, USA)
Helmut Simonis (COSIT, France)
Edward Tsang (University of Essex, UK)
Kazunori Ueda (Waseda University, Japan)
John W. Harrold (University of Alberta, Canada)
Mark Wallace (Imperial College, UK)
Keith Wraith (University of Strathclyde, Scotland)

WORKSHOPS AND TUTORIALS CHAIR
Jimmy Lee (Chinese University of Hong Kong, Hong Kong)

PUBLICITY CHAIR
X. Sean Wang (George Mason University, USA)

LOCAL ARRANGEMENTS
Julie Gladbach (George Mason University, USA)
Beth Grohne (George Mason University, USA)

COMPUTER EQUIPMENT AND INFRASTRUCTURE
Vito L. Segal (George Mason University, USA)

ORGANIZING COMMITTEE
A. Borning (University of Washington, USA)
J. Cohen (Brandeis University, USA)
A. Colmerauer (University of Marseille, France)
E. Freuder, chair (Univ. of New Hampshire, USA)
H. Gallaire (Xerox, USA)
J.-P. Jouannaud (Universite de Paris Sud, France)
J.-L. Laszez (New Mexico Tech, USA)
M. Maher (Griffith University, Australia)
U. Montanari (University of Pisa, Italy)
A. Nascode (Cornell University, USA)
J.-F. Pagès (BLOC, France)
E. Rossi (University of Padova, Italy)
A. Sannat (AT&T Research, USA)
G. Smolka (DFK and Universitat des Saarlandes, Germany)
R. Wachter (Office of Naval Research, USA)
